NAPRANUM NEWS

Nanum Wungthim Rangers

Nanum Wungthim Rangers have had another productive month, continuing important work to protect Country through feral animal management, turtle conservation and environmental monitoring. Throughout June, the team participated in aerial pig culling operations, wetland surveillance, cultural site discussions and specialist training delivered in partnership with Cape York NRM and other key organisations.

Napranum Men's Group come together for on Country camp

Our On Country Men's Camp provided a valuable opportunity for participants to reconnect with Country, strengthen cultural identity, and spend time learning in a supportive environment. Through shared experiences, practical activities, and meaningful conversations, participants were encouraged to build confidence, resilience, leadership skills, and stronger connections with one another.

The camp also reinforced the importance of caring for Country, respecting culture, and passing traditional knowledge on to future generations. By bringing men together in a safe and respectful setting, the camp fostered wellbeing, mateship, and a sense of belonging, while creating lasting memories and strengthening community ties. Together, we continue to build stronger men, stronger families, and a stronger Napranum community.

Empowering Our Community Together

Exciting things are happening across Napranum as community-led initiatives continue to create positive outcomes for local people. From strengthening culture and wellbeing through the Men's Group, to supporting local entrepreneurs in growing new businesses, and expanding the important work of the Nanum Wungthim Rangers, these programs are helping build a stronger, more resilient future for our community. Read more about these stories throughout this edition.

On Country Consulting sharing cultural experience with youth

On Country Consulting continues to create meaningful cultural learning experiences through its On Country Cultural Awareness Program, led by Ernest Madua Junior. Recently, Cairns AFL staff and students had the opportunity to learn firsthand about the culture, history and traditions from Ernest Jnr and elders while spending time On Country. Through storytelling, cultural knowledge sharing and hands-on activities, participants gained a deeper understanding of the importance of Country, strengthening respect and their own connection to country.

Hello everyone!

As we move through the middle of the year, I would like to provide the community with an update on some of the key projects, partnerships and initiatives currently underway at Napranum Aboriginal Shire Council.

Community WiFi Coming to Napranum

Council is pleased to advise that Napranum has been successful in securing Commonwealth funding for a new Community WiFi Program. This project will provide free public WiFi access for residents and visitors, with installation and maintenance fully funded for the next five years. We look forward to working with the State Government and delivery partners as consultation and planning begins.

Planning for Napranum's Future

Council continues to look ahead and plan for the long-term growth of our community. We are progressing discussions regarding the future transfer of land east of the current shire boundary, which would support future housing, community facilities and economic development opportunities. This work forms part of Council's broader vision for a stronger and more sustainable Napranum.

Community Events

NAIDOC Week begins on 6 July, and we encourage everyone to take part in local celebrations recognising the history, culture and achievements of Aboriginal and Torres Strait Islander peoples.

Australian Defence Force Exercise

Community members may notice an increased Australian Defence Force presence in and around Napranum during July as part of Exercise Austral Shield 2026. We thank residents for their understanding while these activities take place.

Councillor Development

With recent changes to local government legislation, Council will be participating in additional governance and leadership training provided by the Department of Local Government to ensure Councillors continue to meet their responsibilities and serve the community effectively.

Looking Ahead

Council is currently preparing the 2026–2027 Annual Budget, which will help guide the delivery of essential services, infrastructure projects and community priorities over the coming financial year.

Council will also continue working with the Local Government Association of Queensland (LGAQ) by considering motions that address issues affecting remote and Indigenous councils across Queensland.

On behalf of Council, thank you for your continued support, patience and involvement in our community. We remain committed to working alongside residents, Traditional Owners, community organisations and government partners to continue building a stronger future for Napranum.

Mark Kelleher
Chief Executive Officer
Napranum Aboriginal Shire Council

NAPRANUM

NAIDOC WEEK 2026

50 YEARS OF DEADLY!

Celebrating Our Elders, Empowering Our Youth

Dick on 0428 198 664 or email events@napranum.qld.gov.au

**NAIDOC
WEEK
50 YEARS
DEADLY
5-12 JULY 2026**

EMPLOYEE SPOTLIGHT

What is your name and/or nickname?

Kristy Small

Where do you call home?

Weipa for 25 years

What do you do for Council?

I am the Office and Property Manager

What inspired you to join the team here?

I had heard great things about the people that work here and that it is a great place to work.

How do you overcome challenges in your work?

Research and revert back to procedures if required

What do you like to do outside of work time?

Spend time with my 2 kids and husband

Is there a fun fact about you that your colleagues might not know?

I am a avid chicken lady, I was also main point of contact for rescued and injured wildlife for over 22 years

If you could master a new skill instantly, what would it be?

Singing

If you were stranded on a deserted Island, what would you want to have with you?

My Husband and Children

What is the best piece of advice you have ever been given?

You are only confined by the walls you build yourself and Happiness is never stopping to think if you are

What would you like to be known/remembered for?

I guess the Passion I had for rescuing and rehabilitating wildlife and being the best mum I can be

On Country Consulting

Connecting to Country Through Culture

Over two days on Country, Ernest Madua Jr. owner of On Country Consulting along with elders and family, guided the staff and students from Cairns AFL House through an authentic cultural awareness experience, sharing traditional knowledge, skills and stories passed down through generations. The boys learned about the significance of Country, explored local bush environments, practised traditional spear fishing and hunting techniques, and gained hands-on experience preparing their catch. These activities provided a meaningful opportunity to connect with culture while learning about the importance of caring for Country and respecting traditional ways of life.

The program was about much more than learning practical skills—it was about strengthening identity, building confidence, and creating lasting connections. Through Ernest's mentorship, the young men were encouraged to work together, show respect for one another, and appreciate the cultural knowledge of Elders and community. Experiences like these play a vital role in empowering young people, strengthening cultural pride, and ensuring that traditional knowledge continues to be shared with the next generation.

Napranum PCYC

Recreational activities play an important role within our Club and Culture space. These activities vary from anything arts and crafts, including puzzles and games.

Participating in recreational activities is highly beneficial to the health and well-being of our youth. They help reduce stress, lower tension, and alleviate symptoms of anxiety by triggering the release of endorphins.

SATURDAY DROP INS

Our Saturday Drop-In Sessions continue to be a favourite amongst our young people who enjoy dropping by PCYC on a Saturday afternoon for a game of dodgeball, to hang with friends and enjoy a delicious lunch.

DUKE OF ED PROGRAM – BRONZE LEVEL: ADVENTUROUS JOURNEY WOLVERTON STATION

Our Duke of Ed participants attended Wolverton Station where they completed their Bronze Level, Adventurous Journey component.

The level involved volunteering, developing a personal talent or practical ability, engaging in sport and fitness and finishing it off with an Adventurous Journey.

At Wolverton Station they participated and celebrated their journey with hiking, canoeing and horse therapy.

JUNIOR AFL WITH AFL CAPE YORK

So proud of our deadly AFL players turning up on Monday nights. Watching these young stars compete in the Junior AFL competition with such passion, respect and pride is truly something special 🙌🙌

Napranum PCYC

AFTER DARK PROGRAM

Our After Dark Program is for youth 12+ years where they can come and enjoy the company of their peers.

CHANGED PHONE NUMBER

We have a new phone number, previously advertised on Napranum Community Facebook Page.

New number is 4972 0266. You will be prompted to select a number to speak with a relevant staff member.

Please be patient as we are operating without an admin person.

BREAKFAST CLUB

Student Pick Up

School resumes on Monday 13 July 2026 after the June / July school holiday break.

Our 12 seater bus will depart at 6.30am every school day and will make its way around Napranum to pick up students to attend and receive breakfast and lunch. We ask that you please be patient with our bus pickups as we may have to collect with only one little bus.

The last pick up will occur between 8.00am and 8.15am. We kindly ask that your child/ren be ready for pick up when bus is travelling around community as it is extremely difficult at times to return in a hurry when we have so many students to collect.

Thank you for your support.

Please contact Sgt Rhonda Spence on **0438 297 788** for more information on our Breakfast Club Program and student pickup.

Nanum Wungthim Rangers

June has proved to be somewhat of a slow, but busy month for Nanum Wungthim Rangers: with the Ranger Coordinator successfully completing the online - Drug & Alcohol Testing training, meeting with NQBP and CEO of Weipa Peninsula People to discuss restoration of culturally significant sites in the area, and participating in the 2-day Aerial Pig Culling Shoot, as part of their Strategic Plan - Feral Animal Management and Turtle Management Plan as well as the Nestor (Nest to Oceans) Program requirements through Cape York NRM prior to the commencement of the Turtle Nesting Season.

From the 22 - 25 June Ranger Coordinator, Apudthama Ranger Coordinator and 2 Rangers from Mapoon safely and successfully completed their Aerial Platform Training with trainers from Seymour Out Bush, funded by Cape York NRM, again as part of their Feral Animal & Turtle Management Plan requirements.

During this time, the remaining Nanum Wungthim Rangers on the ground, conducted Wetland Surveillance in the Pennefather area with a team member from Cape York NRM.

Feral Animal Management requires the humane destruction of feral animals in the areas, as they pose severe ecological and agricultural damage, threatening biodiversity and local flora and fauna, also spreading diseases.

This training consisted of a combination of theory and practical assessments, as well as high-risk activities:

- Oral DNA testing conducted every day - as requested by course instructor to ensure that all participants were cleared (with 0.00 BAL readings) prior to the course.
- Understanding the Marksmanship Principles.
- Operation and safe handling of firearms (on the ground and in the air) - weapons testing, safe load and unload procedures, rectifying issues and stoppages, zeroise weapons (not required, but weapons were tested for zeroise).
- Maintain safe, clear and positive communications with the pilot, members on the ground and campers in the area during the course.
- Test and adjust equipment - firearms and helicopter, allowing trainees to conduct their training smoothly and efficiently.

This training was provided to allow rangers to safely conduct aerial culling within their areas of operations, under the supervision of mentors until such time that they are confident enough to carry-out tasks independently.

Aerial Culling, is not just about shooting from a chopper, to be successful and competent in the task, you have to understand the logistics involved in such a high-risk activity. With this training, rangers will be able to plan, prepare and carry-out their work requirements efficiently.

Men's On Country Camp

Approximately 20 men from the Napranum community came together for a three-day Men's On Country Camp at Bouchat, providing an opportunity to reconnect with Country, strengthen cultural identity and focus on personal wellbeing in a safe and supportive environment. Facilitated by the Napranum Justice Reinvestment – Community Engagement Team, the camp welcomed both overnight participants and additional community members who joined throughout the three days. The team respectfully acknowledged the Traditional Owners for allowing the camp to take place on Country and for welcoming participants, setting a culturally respectful foundation for the experience.

This year's gathering followed a less structured format, allowing participants to take ownership of their time and engage in meaningful cultural activities. A key highlight was hunting with traditional spears that participants had crafted during Men's Group engagement sessions over the previous months. The spear-making process created a strong sense of pride and ownership, which carried through into the hunting activities on Country.

Throughout the camp, participants stepped away from the demands of everyday life to reconnect through cultural practices, fishing, storytelling and shared experiences. Time spent together around the camp strengthened friendships, encouraged teamwork and created opportunities for open conversations about men's health, mental wellbeing, fatherhood and leadership within the community.

The camp was made possible through the collaborative efforts of several Napranum Council teams. The Napranum Rangers and Parks and Gardens Team assisted with transporting and setting up camp equipment, while the Apunipima Men's Support Team helped pack down and transport equipment at the conclusion of the camp. The Napranum Justice Group also provided camping equipment and additional support, helping ensure the camp ran smoothly from start to finish.

Participants worked together to prepare meals, collect firewood, maintain the campsite and support one another throughout the three days. Fishing and other outdoor activities provided opportunities to relax, share knowledge and further strengthen relationships between participants.

The camp achieved its objectives of strengthening cultural identity, improving social and emotional wellbeing and encouraging positive peer support. Participants left with increased confidence, stronger friendships, a deeper appreciation of cultural knowledge and traditions, and a renewed commitment to staying positively involved within the community. Many also reflected on the importance of regularly checking in on their mental health and making time to reconnect with Country.

On the final evening, participants gathered around the campfire to reflect on the experience, sharing what they had learned, what they enjoyed and ideas for future camps. One of the strongest messages from the group was a desire for future camps to run over a longer period,

Men's On Country Camp

allowing more time on Country to deepen cultural connections and strengthen relationships. The overwhelmingly positive feedback reinforces the importance of continuing regular On Country camps as part of the Napranum Justice Reinvestment Program, helping to build stronger men, stronger families and a stronger Napranum community. Community members are encouraged to keep an eye out for announcements regarding the next Bouchat On Country Camp.

July is 715 Health Check Month in Napranum – Let's Get Strong Together

Apunipima Cape York Health Council is calling on residents to start a healthy new habit this July by making it the month they get their yearly 715 Health Check done.

Booking in at the same time each year is a simple way to stay on top of your health—but health workers say a yearly 715 Health Check is about more than just your health.

For local Aboriginal Health Worker, Shaniqua Burke, the reason to go is clear—it's about the people who depend on you.

"Your family needs you strong," Shaniqua said. "Making your health a priority doesn't just help you, it means you can be around longer with your family."

A 715 Health Check is free and takes just 60 minutes, once a year. It gives you a clear picture of your health and can pick up anything early—before it gets serious.

Shaniqua said it's also a great way to stay connected.

"It's a good way to come in, meet your Apunipima team and see all the other services available."

Make July the month you put your health first: one hour, once a year, for a stronger you and a stronger community.

Book your 715 Health Check today

Call or drop in:

Matt Smith – Member for Leichhardt

Hear from Matt Smith MP on

Investing in Napranum's Future

Hey Napranum! I know you're always going to enjoy a bit of good news and seeing how we're halfway through the year I thought I'd just take a look back at all the great developments we've secured in the last year.

On the sporting front, the Play Our Way initiative funded \$2 million for upgrades to the footy oval, to prioritise women and girls' participation.

We're helping creatives get a fresh start with the Strong and Resilient Communities programme. This has started helping locals to develop their creative arts and design their own works, providing opportunities for artists to display and have their works for sale to enhance their income.

For the older generations, the Commonwealth Home Support is now there to help older residents live independently by funding entry-level support services like domestic help, meals, transport, and personal care.

With over \$6 million of new federal investment in Napranum in the past year, I want to reassure you that I will always stand up for the community and it makes me extremely proud to represent Far Northerners in Parliament.

I always value hearing your voices, and if you want to get in touch with my team at any time, you can call us on [07 4051 2220](tel:0740512220), email matt.smith.mp@aph.gov.

My friendly and helpful staff will be on hand to help you out.

Napranum Early Childhood Centre

Our preschoolers enjoyed a special visit from the Rangers, who taught us all about being Croc Wise and staying safe around waterways. The children were fascinated by the taxidermy animal specimens, which gave them the opportunity to closely observe native wildlife and ask lots of thoughtful questions. These engaging experiences support the EYLF by building children's knowledge of their environment, encouraging curiosity and inquiry (Outcome 4), and helping them develop an understanding of how to keep themselves and others safe while respecting the natural world (Outcome 2).

• Good news story

NECC GOT ASSESSED ON THE 5TH MAY

On the 5th May a regulator from the Department of Early Childhood came to conduct a partial re-assessment of Quality Areas 1,3 and 5. We are happy to announce that all these areas passed with flying colours and NECC is Meeting in all 7 Quality Areas. This is a testament to the hard work and dedication of the NECC staff members.

Our little explorers have been busy discovering bugs and insects in our garden before extending their learning through a bug-themed sensory tub! Through hands-on play, the children showed curiosity, asked questions, and closely observed the amazing creatures they found. These experiences support the EYLF by encouraging children to connect with the natural world (Outcome 2) while building confidence, curiosity, and a love of learning through exploration (Outcome 4).

Necc Vacancies

We currently have a few vacancies available in our 3 and 4-year-old rooms. If you're thinking about enrolling your little one, we'd love to chat! Feel free to pop into the centre and speak with our team to learn more.

SUPPORT YOUR LOCAL BUSINESS

WESTERN CIVIL & EARTHMOVING

With a fleet of high-quality, heavy-duty equipment, Western Civil & Earthmoving specialise in a wide range of projects, from residential landscaping to large-scale commercial construction.
